Adkins is charged with transporting Ruth Royster, a Durham, N. C. girl, aged fifteen years, and bride of a month, from that city to Danville and from here to Lynchburg. To Ward Off Summer Complexion Ills.

To keep the face smooth, white and beautiful all summer, there's nothing quite so good as ordinary mercurized wax. Oily, freckled or discolored skin, so common at this season, is gently absorbed by the wax and replaced by the newer, fresher skin beneath. The face exhibits no trace of the wax, the latter being applied at bedtime and washed off morning. Creams, powders and rouges on the other hand, are apt to appear more conspicuous than usual these days, except mercurized wax. Just get an ounce of mercurized wax at any drug store, use like ordinary soap. This will help your skin at once, and in a week or so the complexion will look remarkably youthful and healthy. Sun, wind and flying dust often cause swelling and other contortions which make wrinkles. You can quickly get rid of every wrinkle, however produced, by using a mercurized face bath made by dissolving one ounce powdered exfolite in one-half pint witch hazel—Adv.
